

Supporting you to get to college

Travel Support Scheme for 16-18 Full Time Learners

We don't want the cost of travel to be a barrier to you accessing an outstanding education.

To make travel easier we offer a travel pass scheme. All full-time 16-18 learners who live more than 3 miles from college can access subsidised travel passes for buses and or trains regardless of household income. We have also made further investment to be able to offer additional support towards your travel cost for households with an income below £50k per year. This means that travelling to North Devon College might cost much less than you think (and will be completely free of charge for some households). The prices for bus passes and train passes for the 2026/27 academic year are below.
